AMA Citation Guide by Gregg Press

**AMA Citation Guide**

AMA Citation Guide The History of AMA Citation. Now in its 10th edition, AMA Citation was first introduced in the AMA Manual of Style: A Guide for Authors and Editors and is the cornerstone of writing style for the American Medical Association. Written originally by the editors of the Journal of the American Medical Association, and later published by Oxford University Press, the manual lays ...

PRINT JOURNALS format; Author(s). Article Title.

**AMA Citations: A Quick Reference**

AMA was developed by the American Medical Association for the purpose of writing medical research. References are found at the end of a manuscript and are titled “Reference List,” and each item should be listed in numerical order (two references should not be combined under a single reference number) as opposed to alphabetically.
